

FIFA WORLD CUP 2014: MEDICAL REPORT

D'Hooghe M

FIFA and UEFA Medical Committee, Bruges, Belgium

The different aspects of the medical supervision of the World Cup 2014 Brazil are divided into two main periods:

- Preparation period
 - Medical and anti-doping infrastructure in 12 stadiums
 - Ambulances and transport
 - Contacts with hospitals
 - Workshop with team doctors
- Tournament period
 - Supervision of medical activities at 64 matches
 - Emergency measures
 - Anti-doping controls, out-and in-competition
 - Epidemiology of lesions
 - Medical care in the stadiums
